

SOUTHBURY

POLICE DEPARTMENT

For Immediate Release

February 17, 2026

The Southbury Police Department remains firmly committed to upholding the highest standards and values expected for our community. Our professionalism, integrity, and accountability are crucial to maintaining the trust placed in us by the public.

Upon learning of alleged policy violations involving a department employee, the employee was placed on administrative leave, and two internal affairs investigations were promptly conducted and completed. These investigations addressed administrative matters only and did not involve any criminal conduct.

The Police Department presented the findings of these investigations to the Board of Selectmen. After reviewing the results, the Board voted to separate the employee's employment with the Town.

As this is a personnel matter, the Police Department will not be providing further comment at this time.
